§ 1625.1 Purpose.

This part is intended to provide timely, full, fair, and impartial procedures for allowing a recipient to show cause why its funding should be continued when the Corporation has made a preliminary determination that an application for refunding of a grant or contract should be denied. This part is further intended to provide for completion of these procedures in a timely manner so that funding issues are expeditiously resolved so as to avoid unnecessary and protracted disruption in the delivery of legal services to eligible clients.

§ 1625.2 Definitions.

Denial of refunding means a decision that, after the expiration of a grant or contract, a recipient:

(a) Will not be provided financial assistance; or

(b) Will have its annual level of financial support reduced to an extent that is not required either by a change of law, or a reduction in the Corporation's appropriation that is apportioned among all recipients of the same class in proportion to their current level of funding, or by the uniform application of a statistical formula for the reallocation of funding among the members of the same class, and is more than 10 percent below the recipient's annual level of financial assistance under its current grant or contract.
